Ourense, Spain | (+34) 659 00 48 12 | bonay.santiago@gmail.com | [linkedin.com/in/santiago-bonay](https://linkedin.com/in/santiago-bonay)

## PROFESSIONAL SUMMARY

**Senior AI Software Engineer** with 14+ years in enterprise software development and 3+ years leading AI/ML initiatives. Expert in designing and deploying **production LLM systems, multi-agent architectures, RAG pipelines, and MLOps workflows**. Proven track record translating complex AI research into scalable enterprise solutions across Deep Learning, NLP, Computer Vision, and Generative AI. Strong technical leadership with cross-functional team management and international project experience across Europe and Latin America.

## CORE COMPETENCIES

**AI/ML:** Large Language Models (LLMs) • Multi-Agent Systems • RAG Architecture • Fine-tuning & LoRA • Prompt Engineering • Deep Learning • NLP • Computer Vision • MLOps • AutoML

**Technologies:** Python • PyTorch • TensorFlow • LangChain • LangGraph • LlamaIndex • OpenCV • Hugging Face • OpenAI API • Azure AI Foundry • Vector DBs (Pinecone, ChromaDB, FAISS) • Graph Databases

**Cloud & Data:** Azure ML • Oracle Cloud (OCI) • Docker • CI/CD • SQL • PL/SQL • Oracle Database • PostgreSQL • ETL Pipelines

## PROFESSIONAL EXPERIENCE

### AI Engineer & Technical Lead

EDISA — Ourense, Spain | January 2023 – Present

- Lead **AI strategy and architecture** for enterprise ERP system (LIBRA) serving 500+ business clients, defining roadmap for ML/AI capabilities
- Architected **production RAG systems** using LangChain, LlamaIndex, and vector databases (ChromaDB, Pinecone), improving document retrieval accuracy
- Designed **multi-agent AI systems** with LangGraph for complex enterprise workflows; developed **medical AI chatbot** with Multi-Pack RAG for clinical decision support
- Built **AutoML platform** integrated into ERP, reducing model development time. Deployed ML predictive models for sales forecasting.
- Deployed AI solutions on **Azure ML and Oracle Cloud**; established CI/CD pipelines and MLOps practices; explored LLM fine-tuning (LoRA) with Llama, Mistral, DeepSeek

### Staff Software Engineer → Technical Lead → Project Manager

EDISA — Ourense, Spain | April 2012 – December 2022

- Led ERP customization and implementation projects for **international clients across 6 countries** (Spain, Mexico, France, Colombia, Ecuador, Dominican Republic)
- Managed cross-functional teams of 10-15 developers; developed expertise in **Oracle Database and PL/SQL optimization**

## EDUCATION

**M.Sc. Artificial Intelligence** + Advanced Certificate in Data Engineering — Universidad Internacional Rioja | 2023-2024

**B.Sc. Computer Science** — Universidad de Vigo, Spain | 2007-2011

## CERTIFICATIONS

**Oracle Cloud:** OCI Generative AI Professional (2024) • OCI AI Foundations Associate • OCI Data Science Professional • OCI Digital Assistant Professional

**Other:** Google Data Analytics Professional Certificate (Coursera) • Big Data Architecture (GDOCE)

## LANGUAGES

**Spanish** (Native) • **Galician** (Native) • **English** (Professional Working Proficiency)
